

Skeletal Muscle

Transitional Epithelium

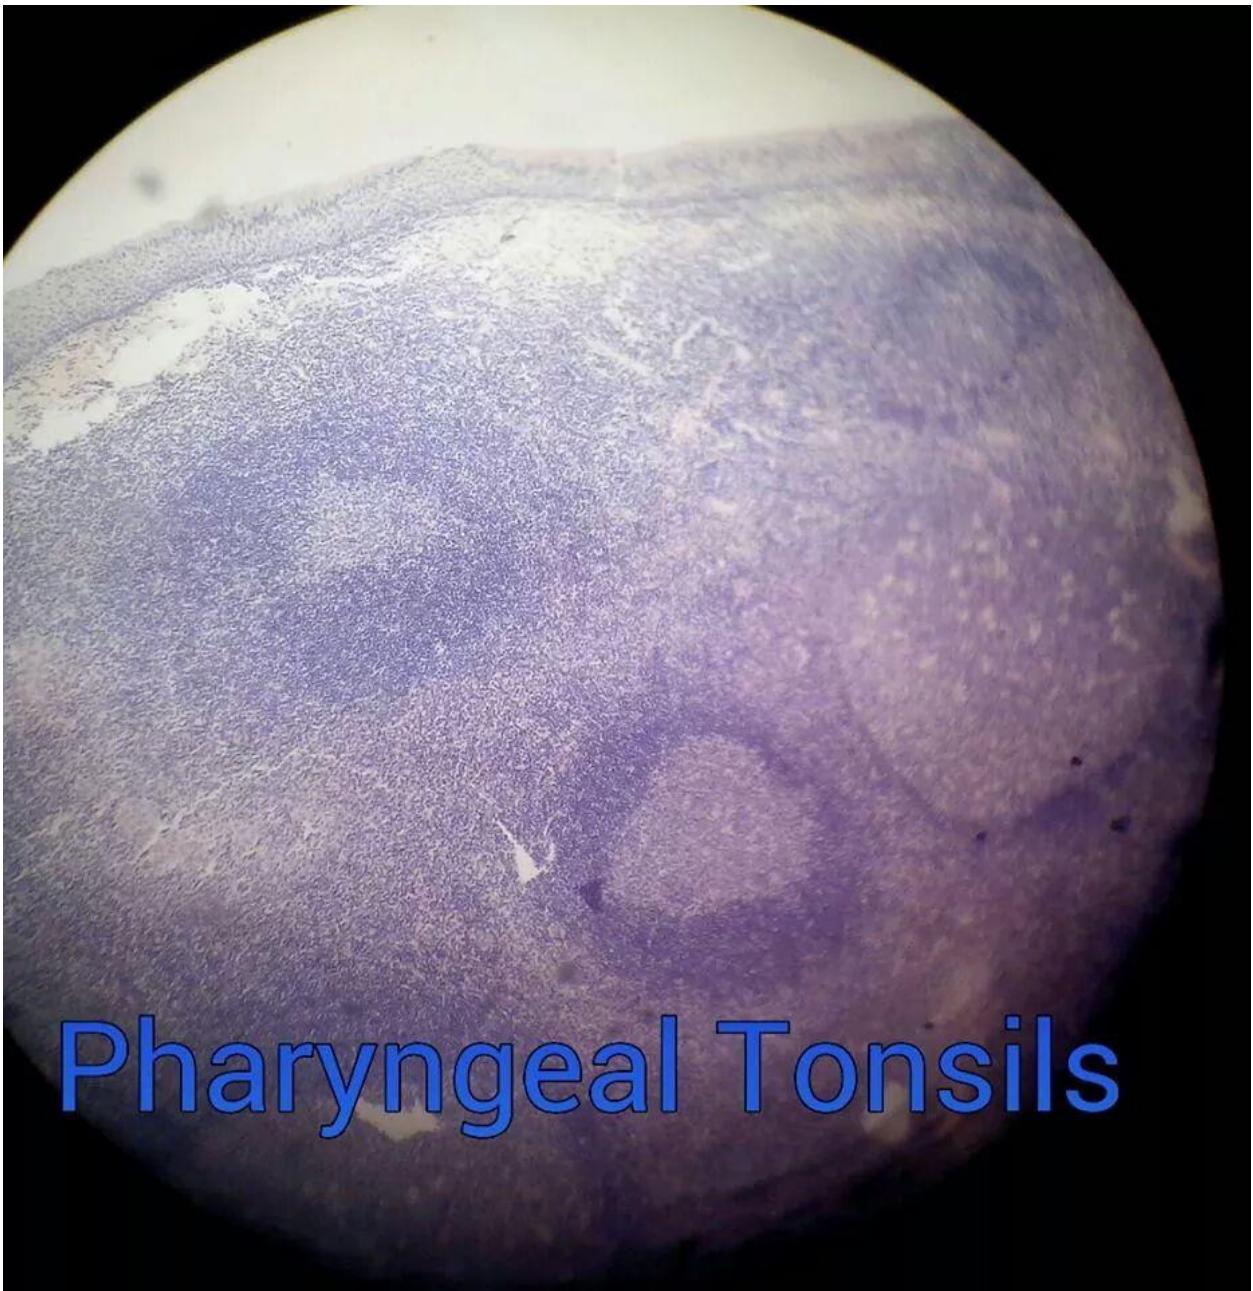

White Adipose Tissue

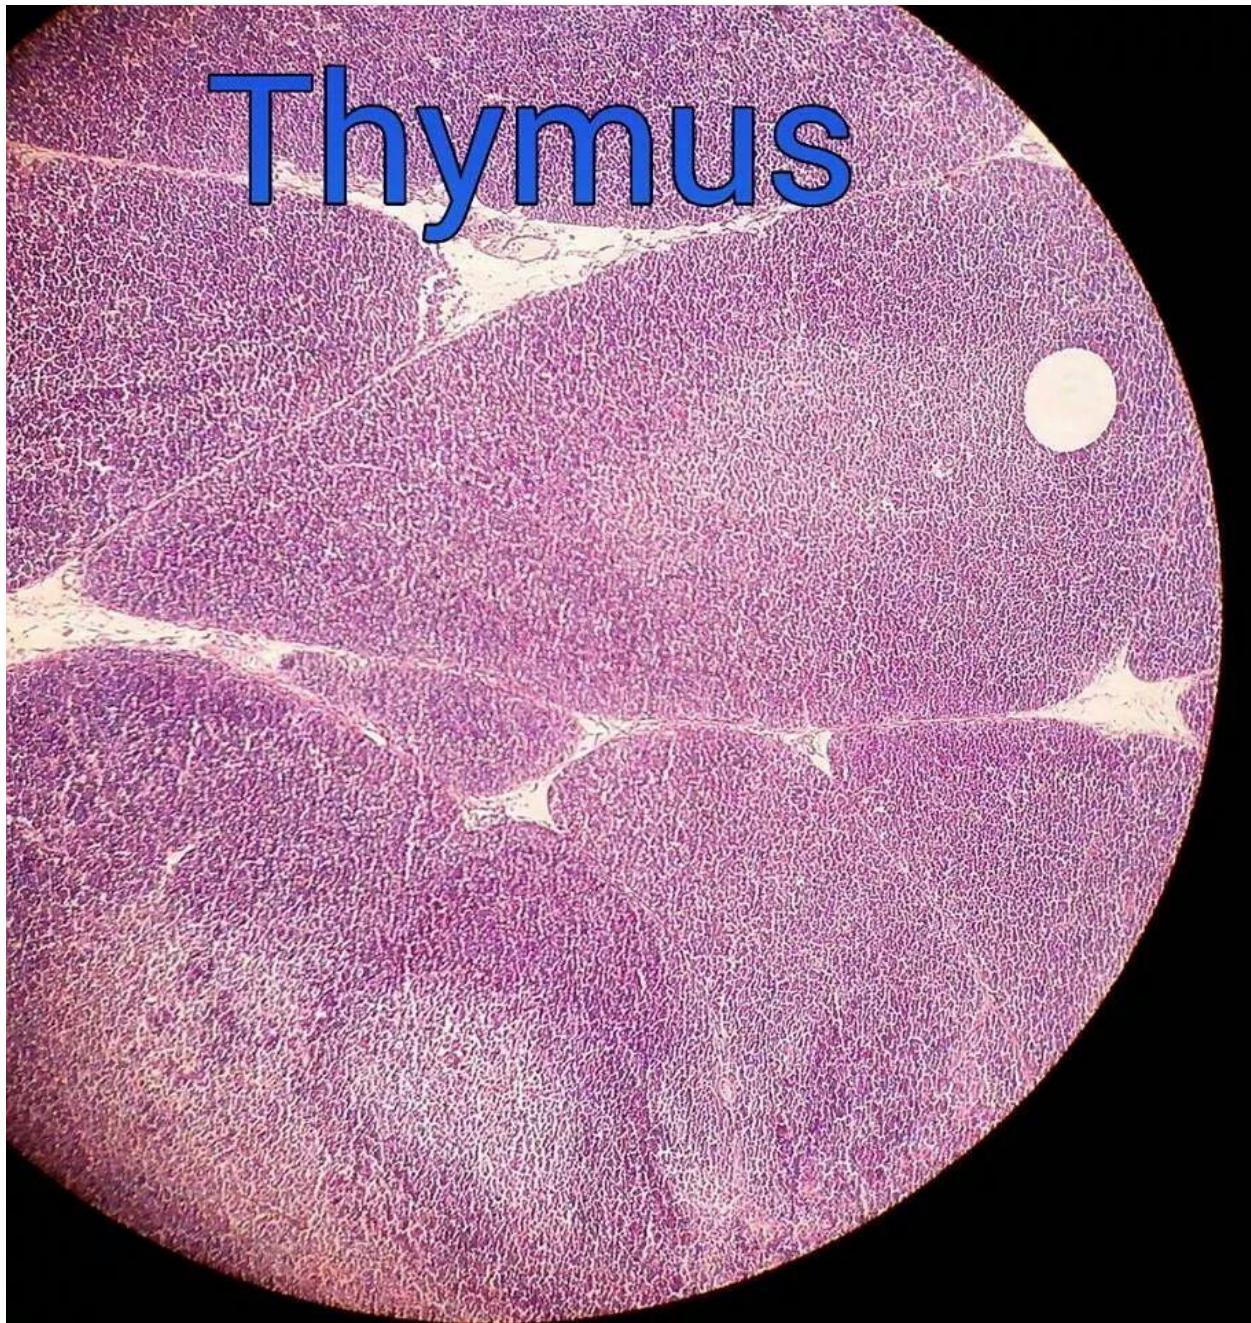

Medium sized Vein

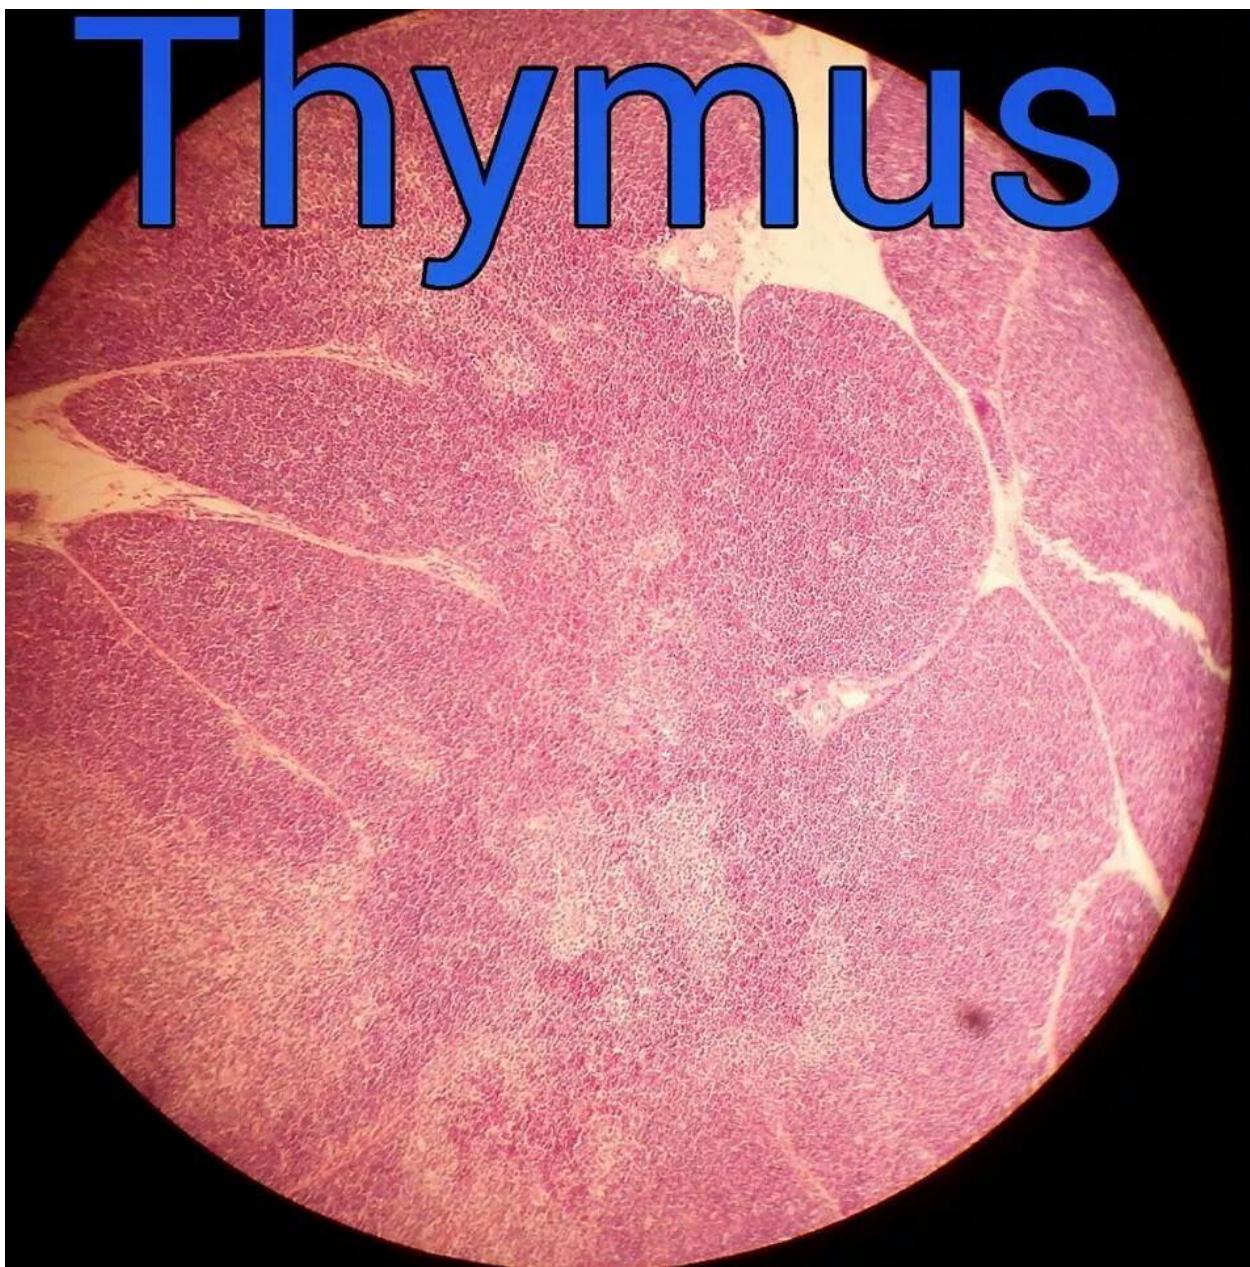

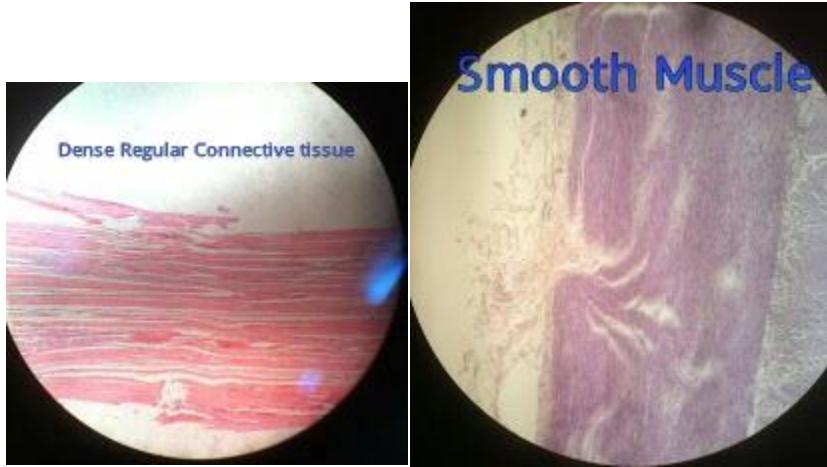

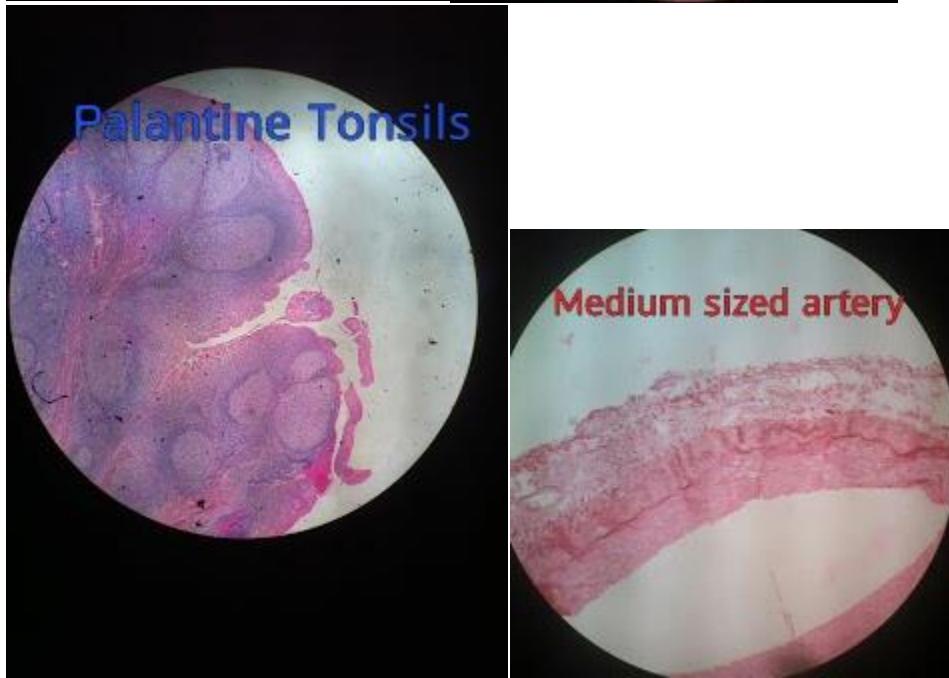

Pharyngeal Tonsils

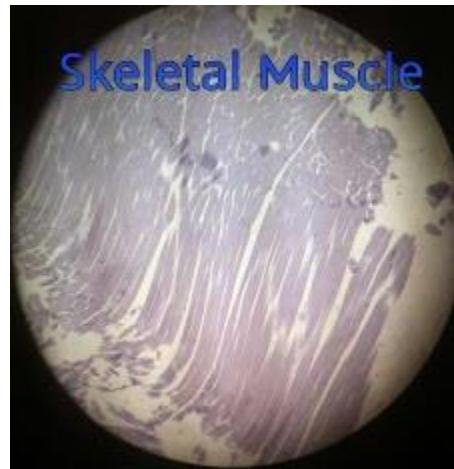

Thymus

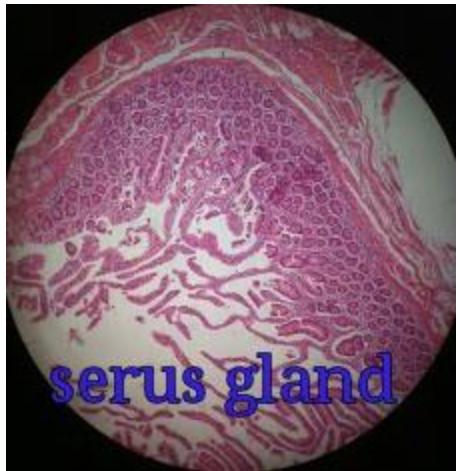

Thymus

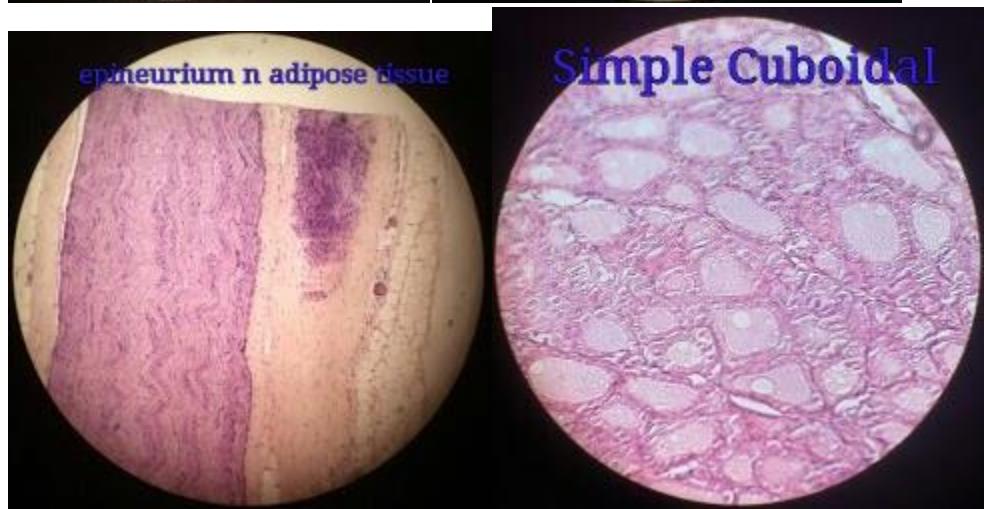

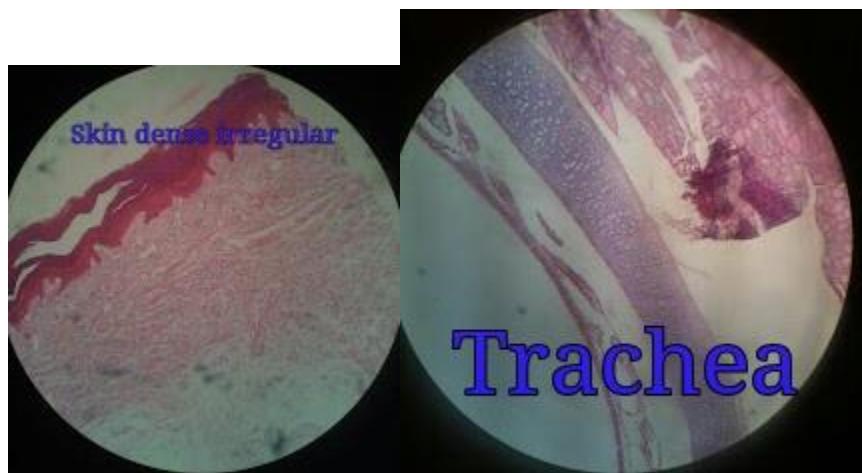

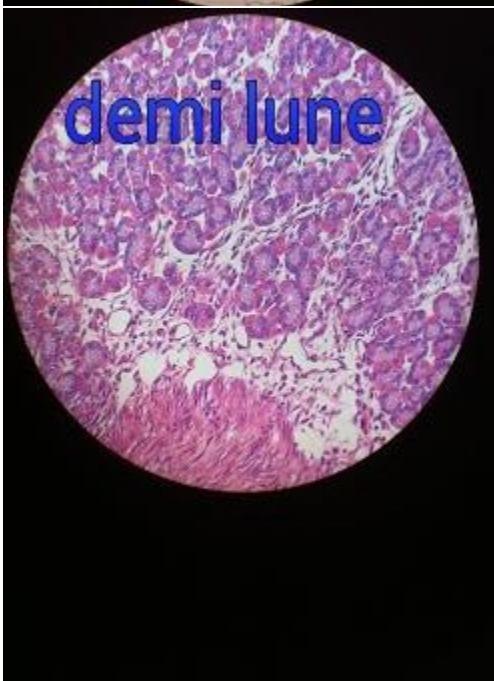

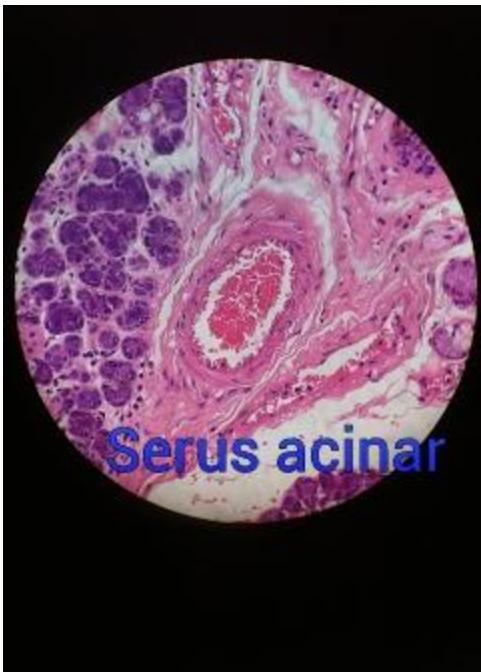

Spleen

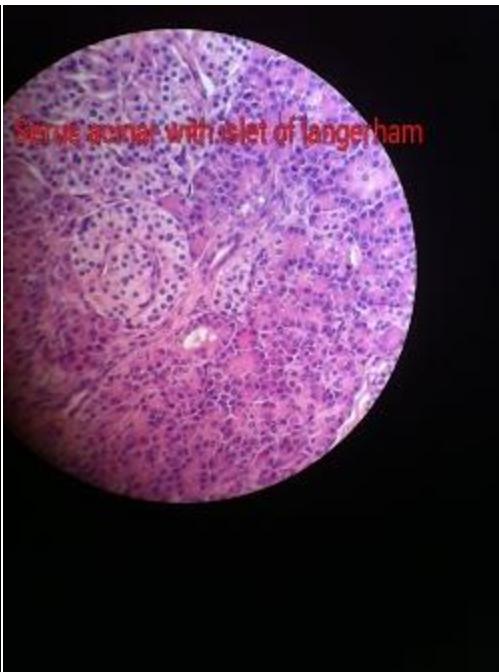

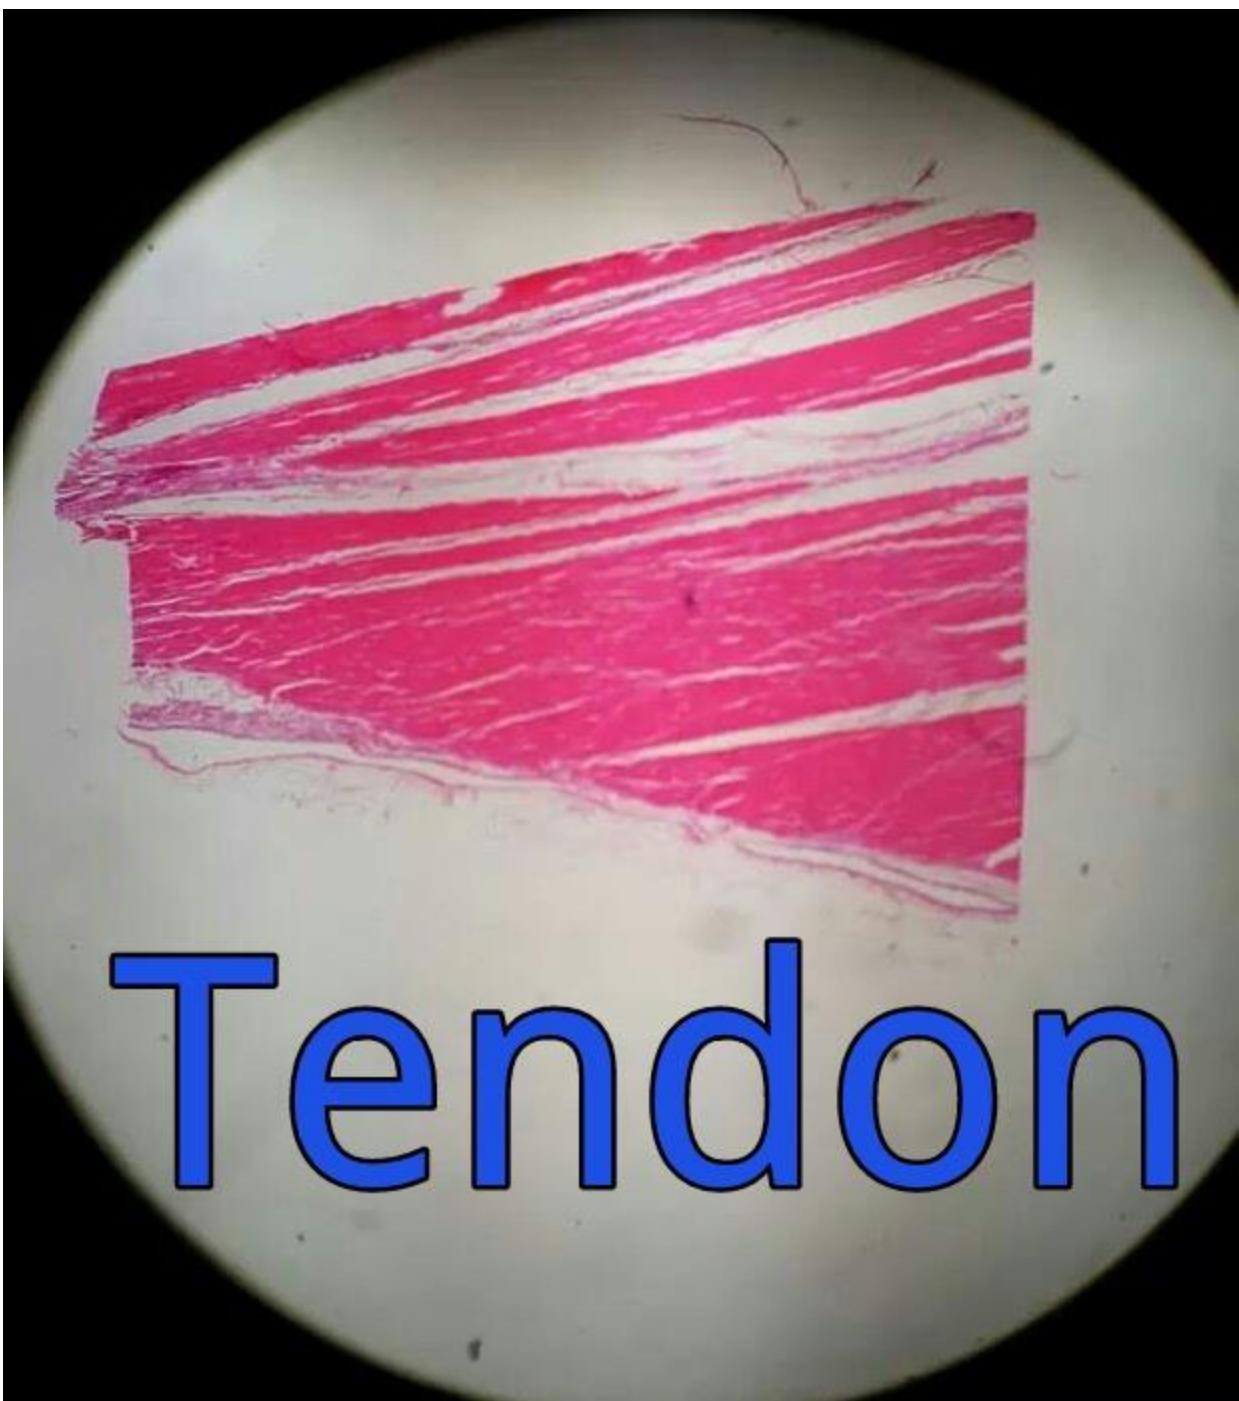

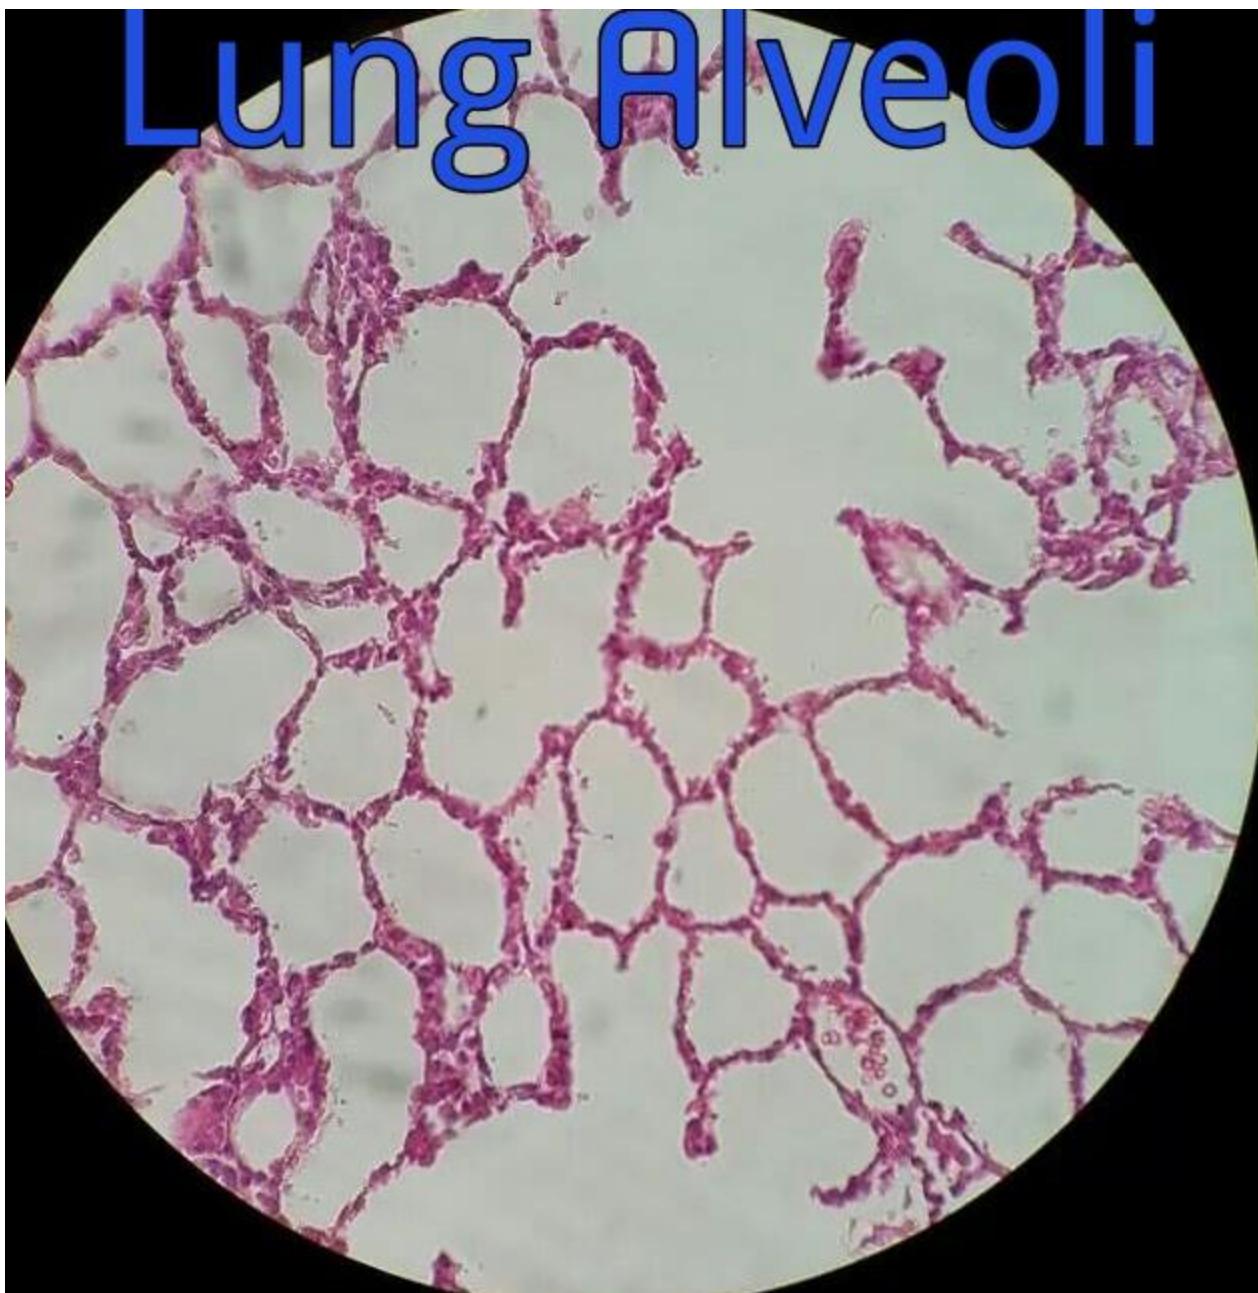

Serous acinar

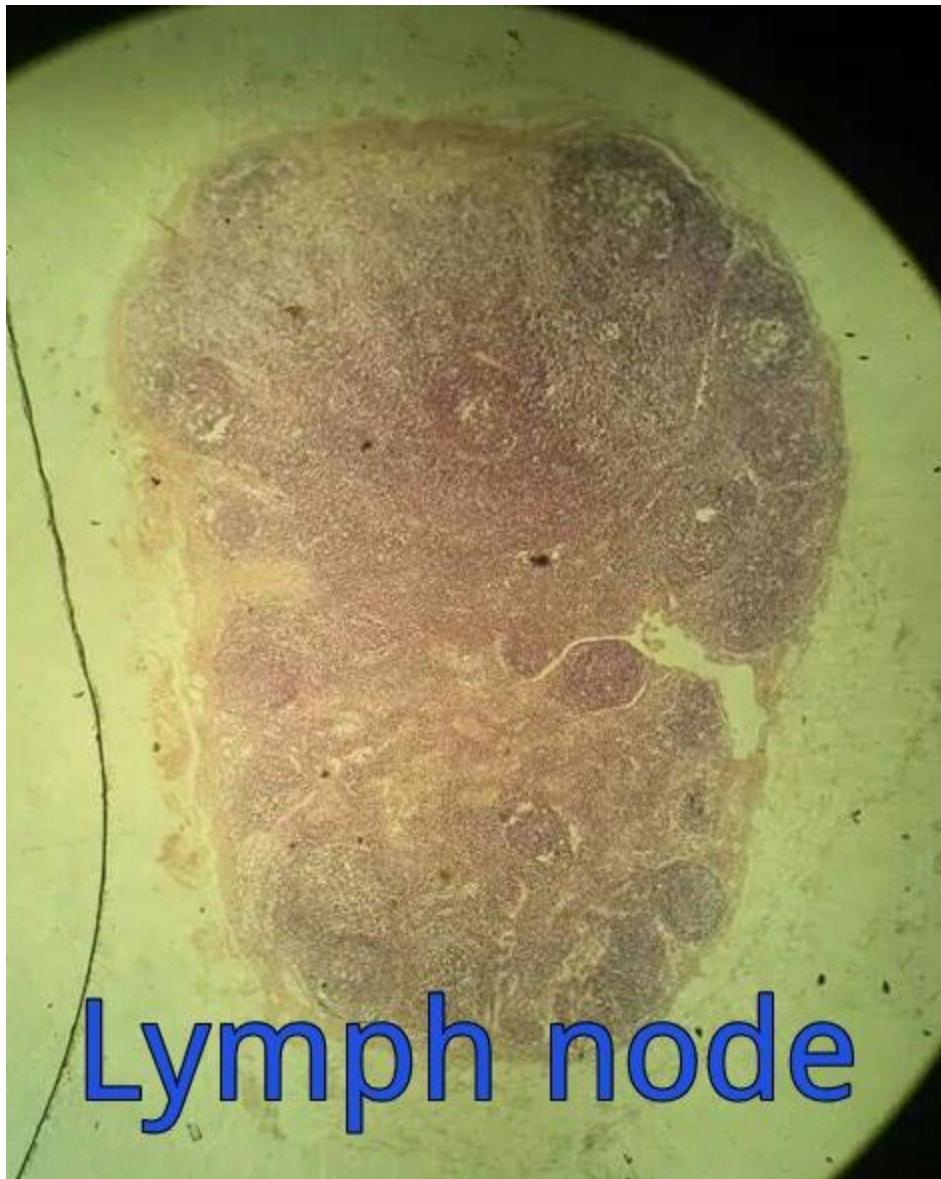

Serous acinar with islet of Langerhans

Lung Alveoli

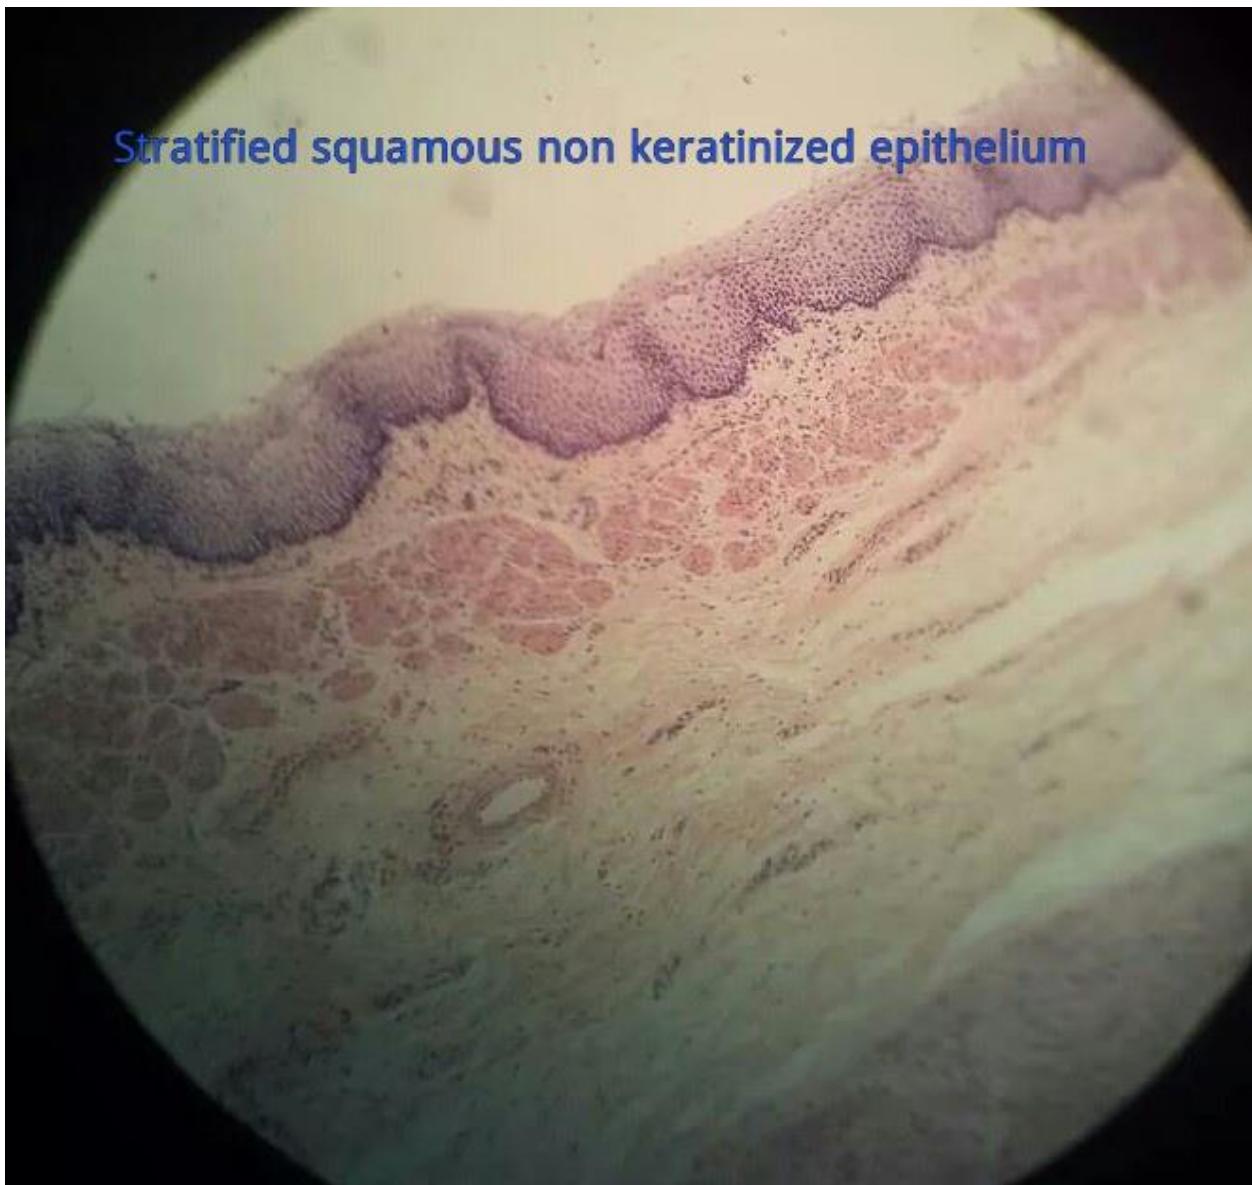

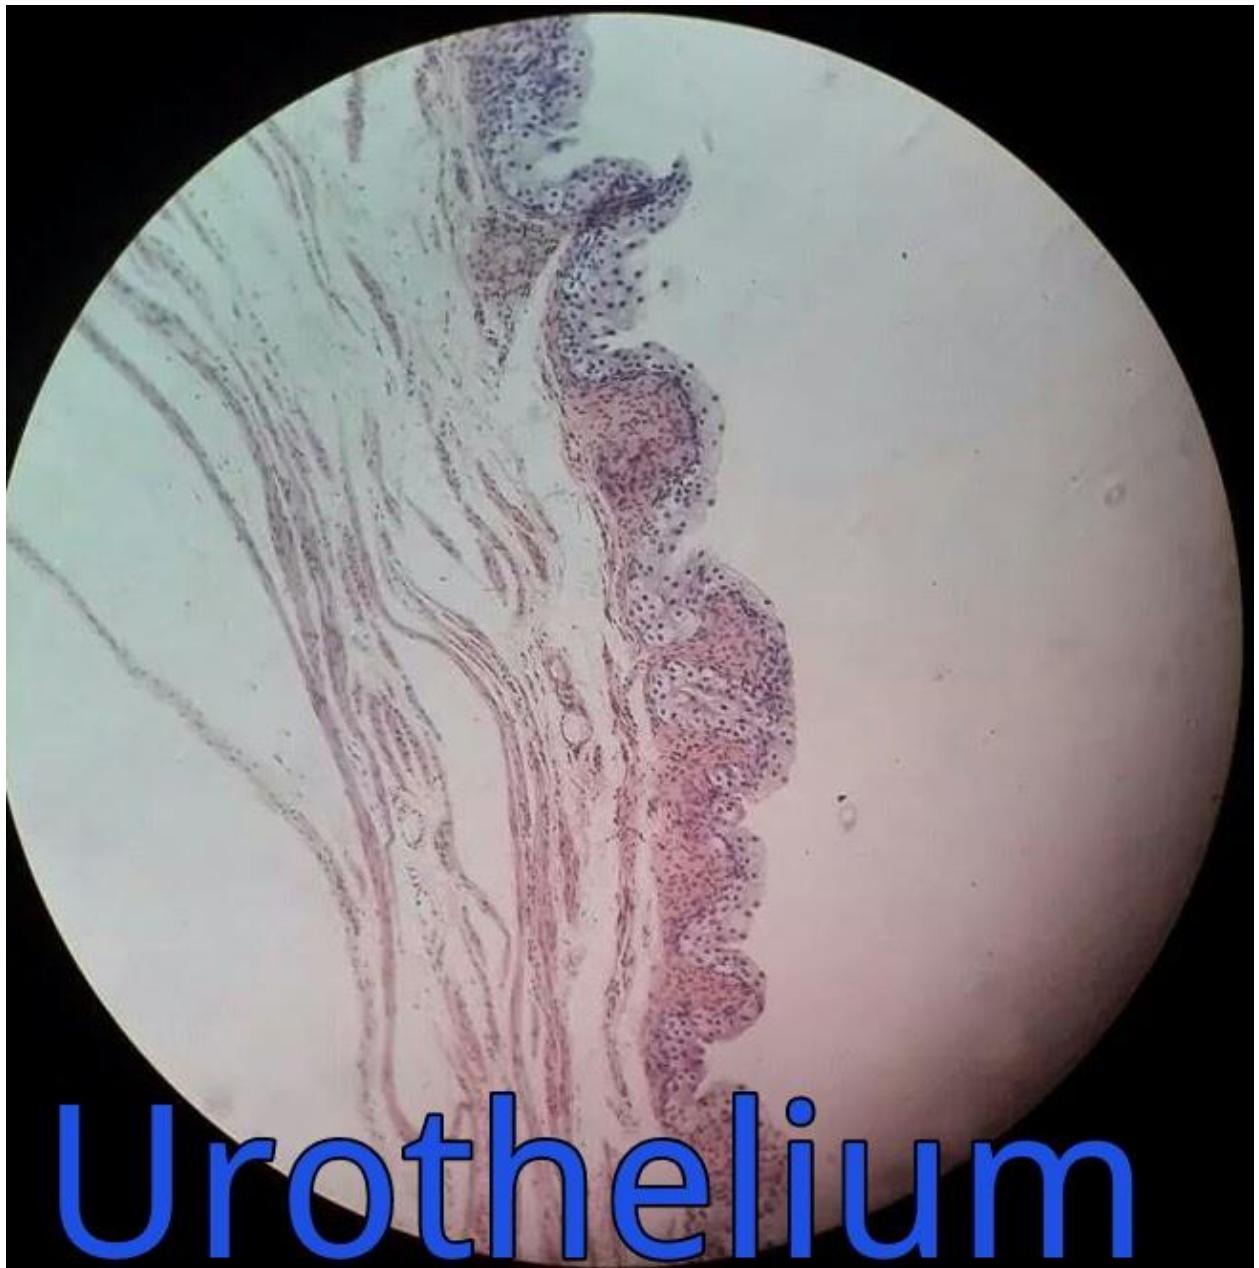

Lymph node

simple squamous

Stratified squamous non keratinized epithelium

Urothelium

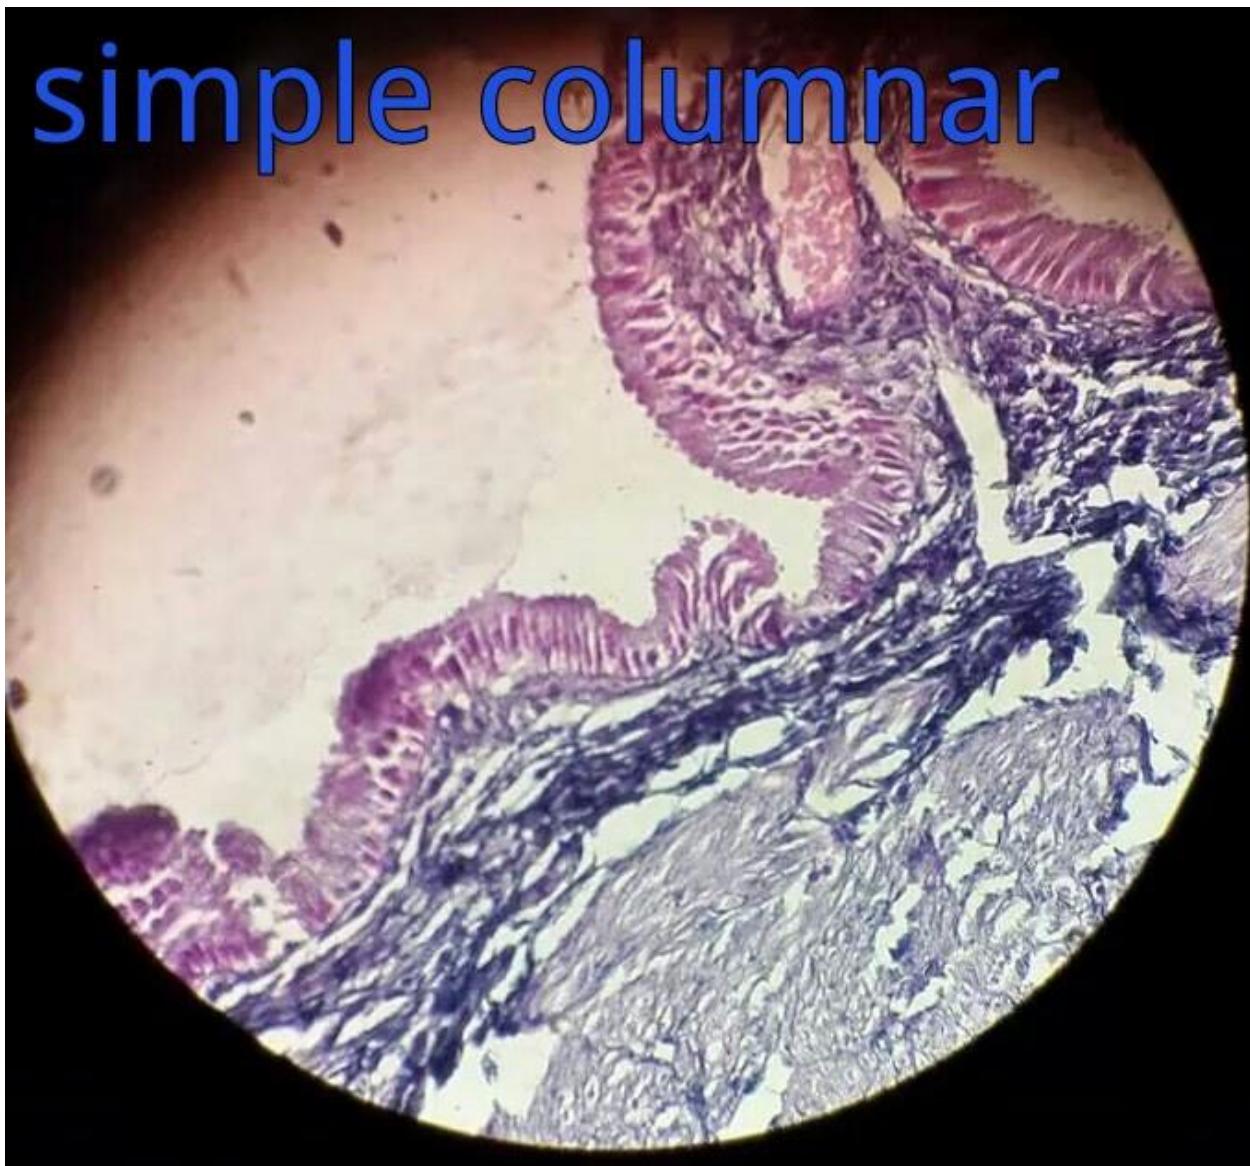

Large Elastic Artery

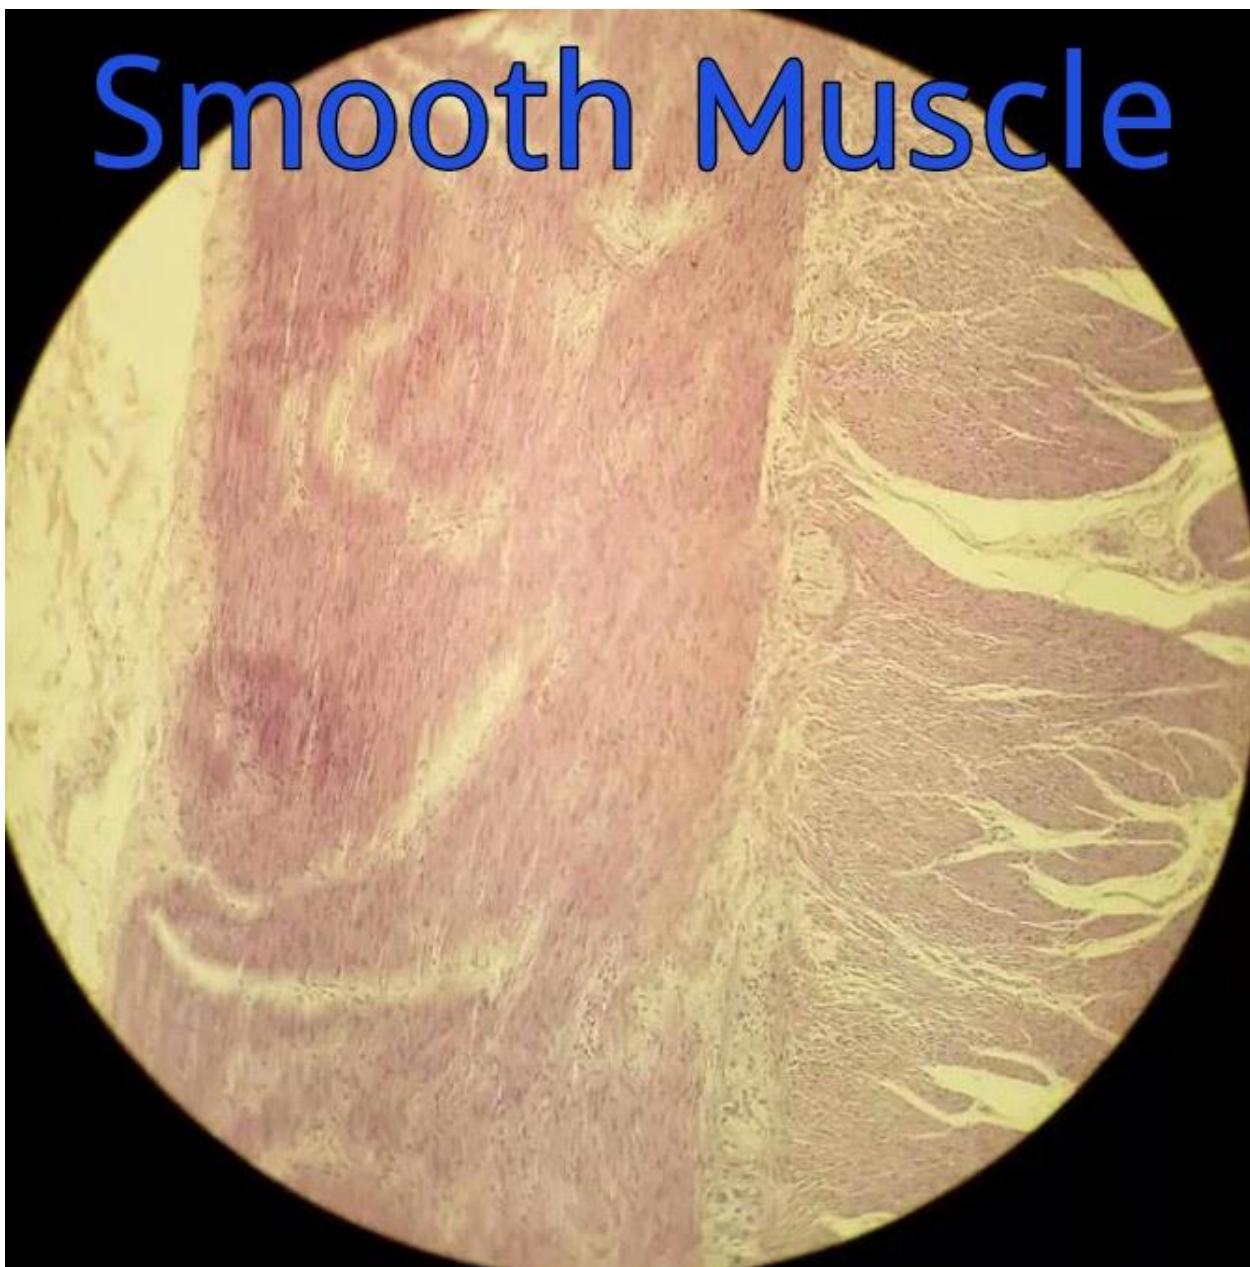

Large Vein

simple columnar

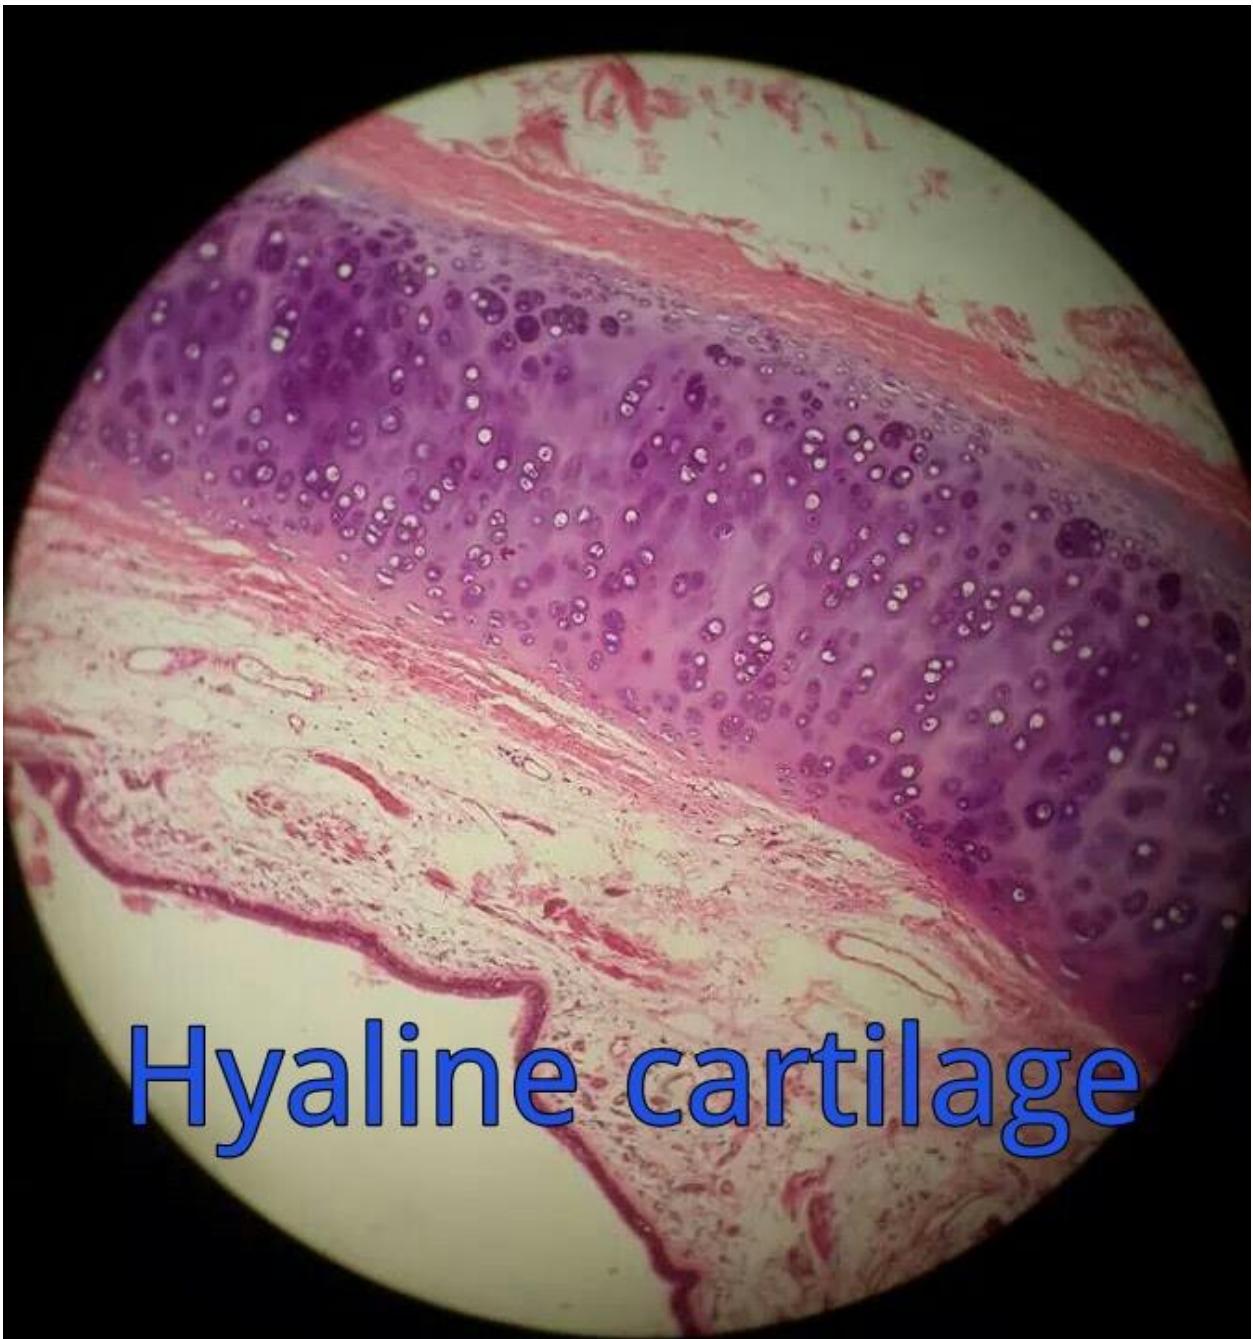

Smooth Muscle

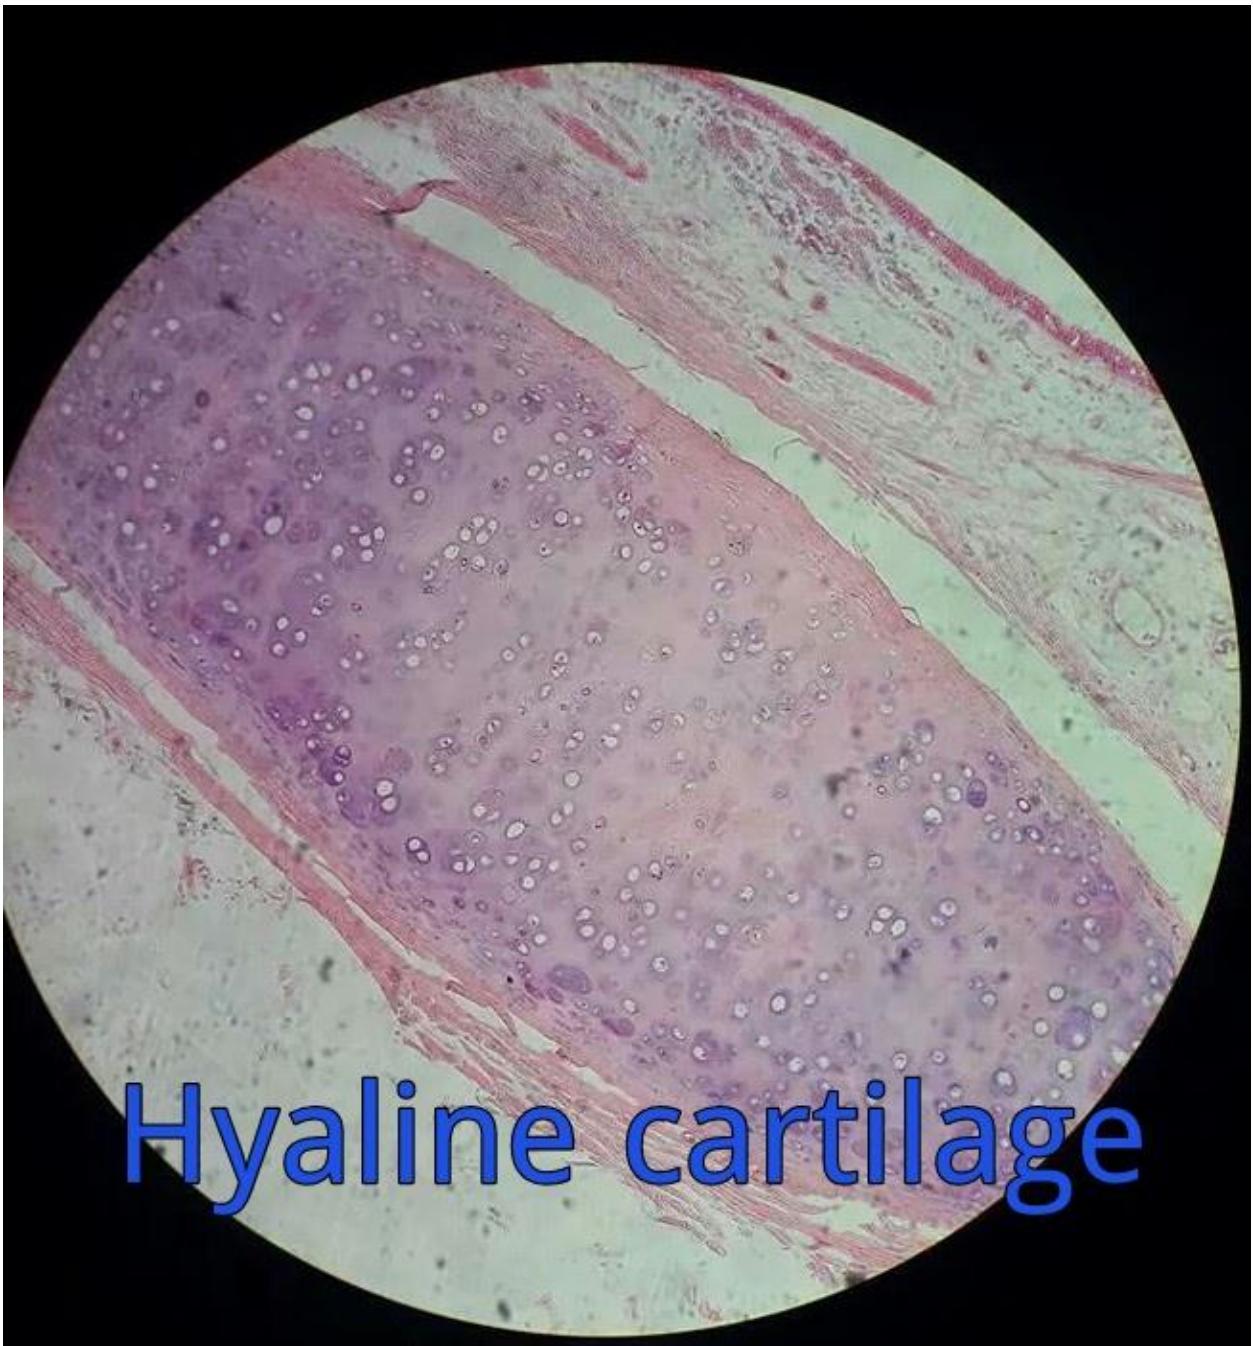

Adipose tissue

Hyaline cartilage

Hyaline cartilage

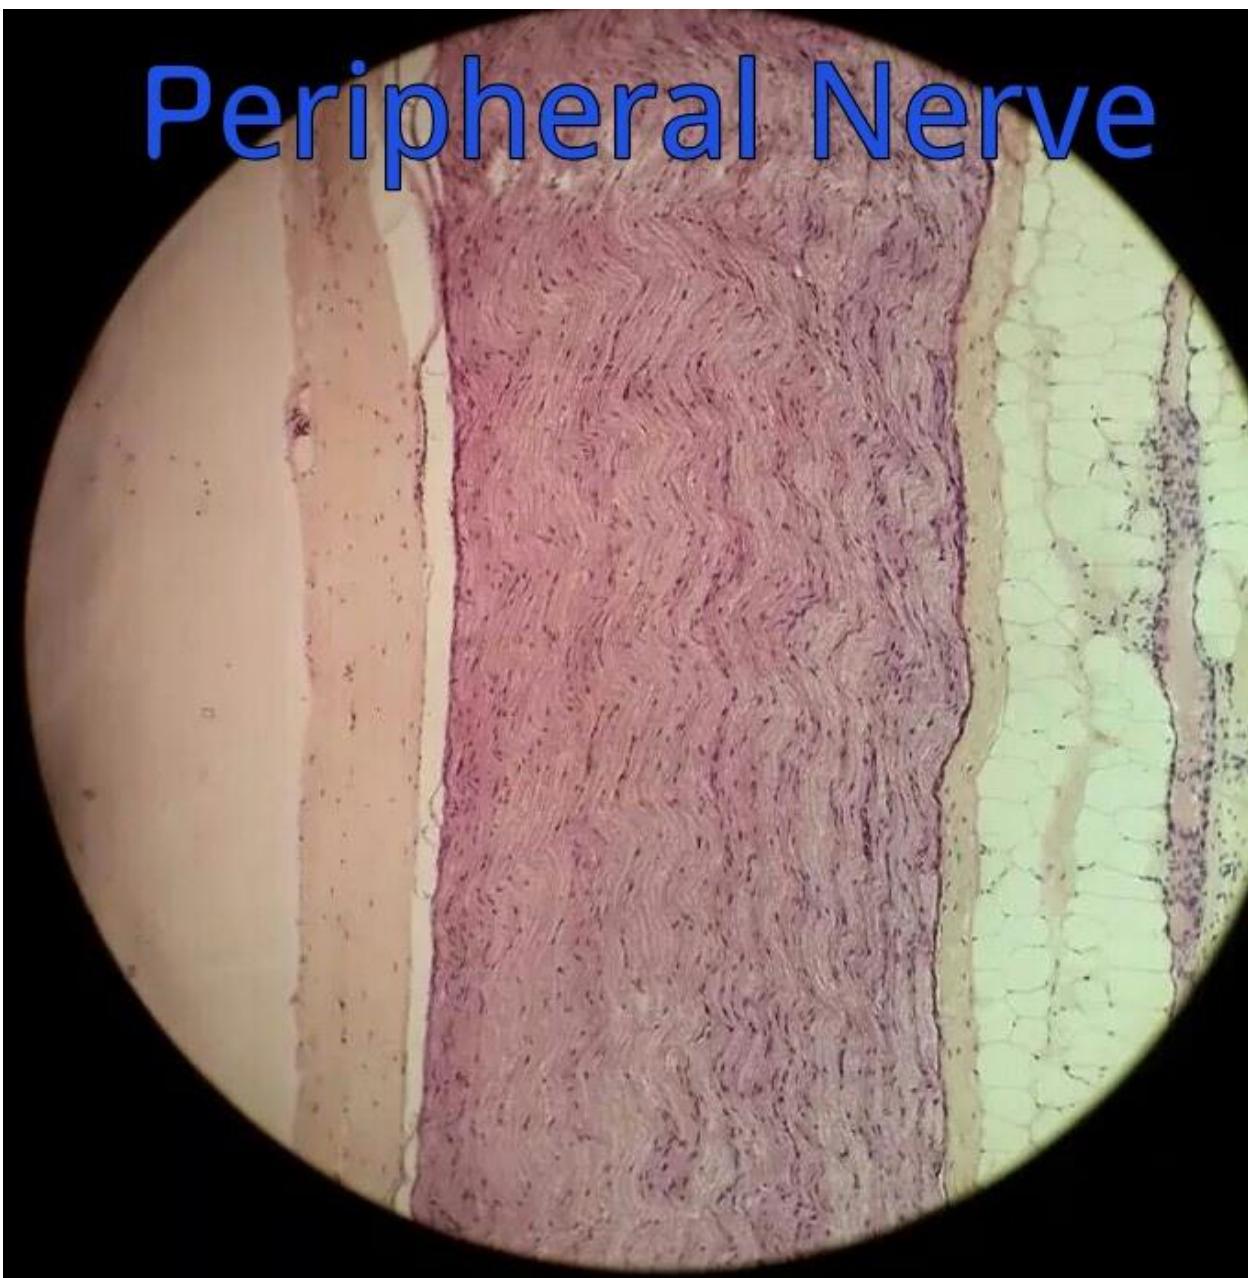

Skin dense irregular

Medium Sized vein

Peripheral Nerve

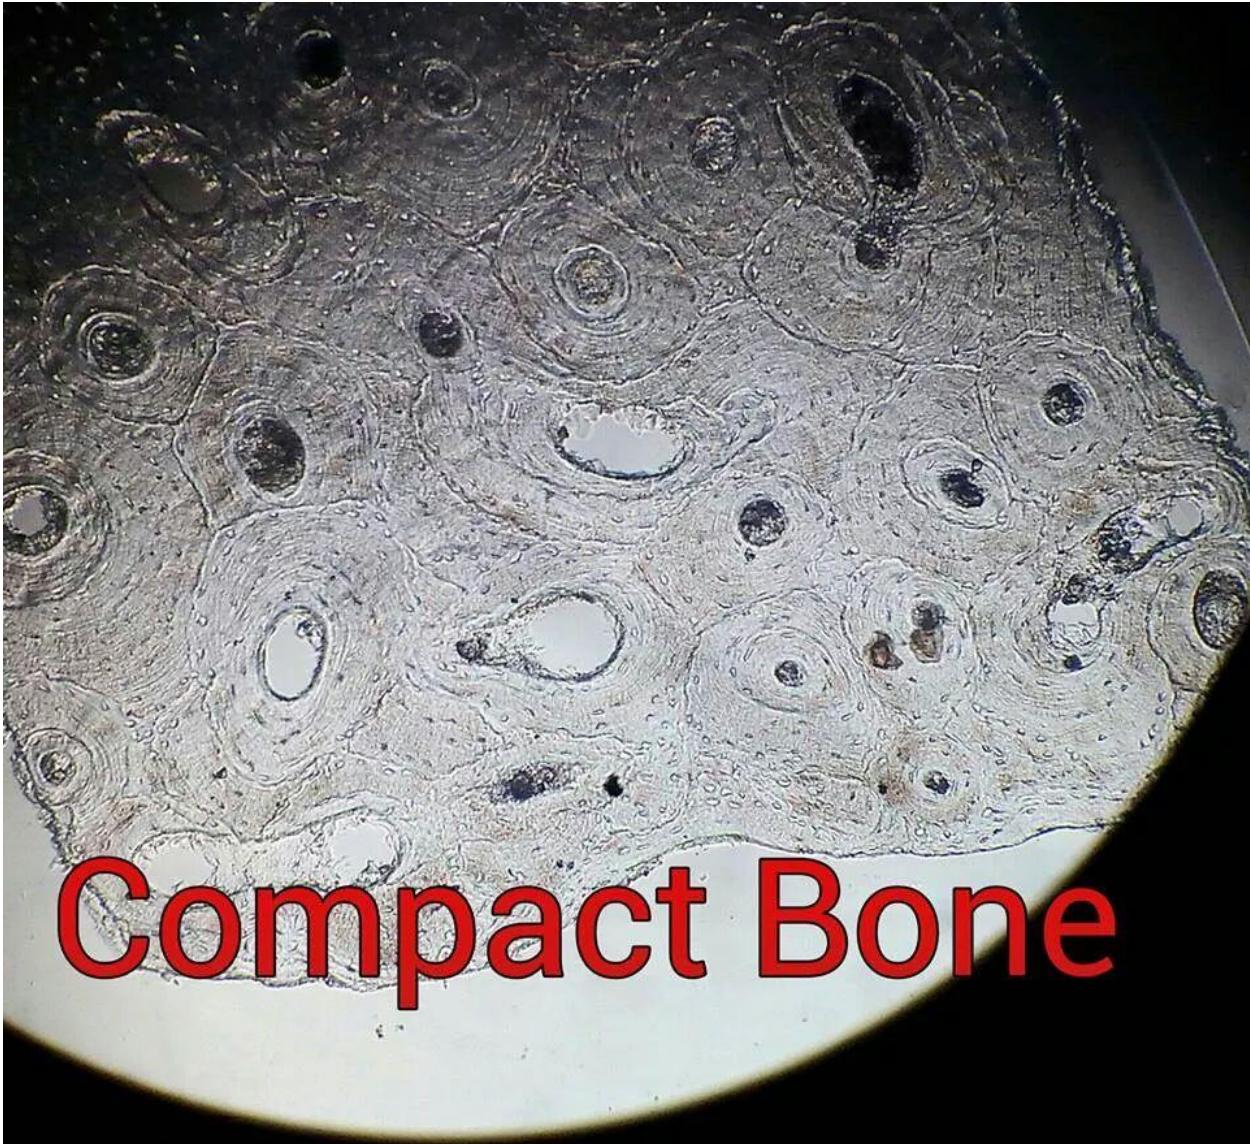

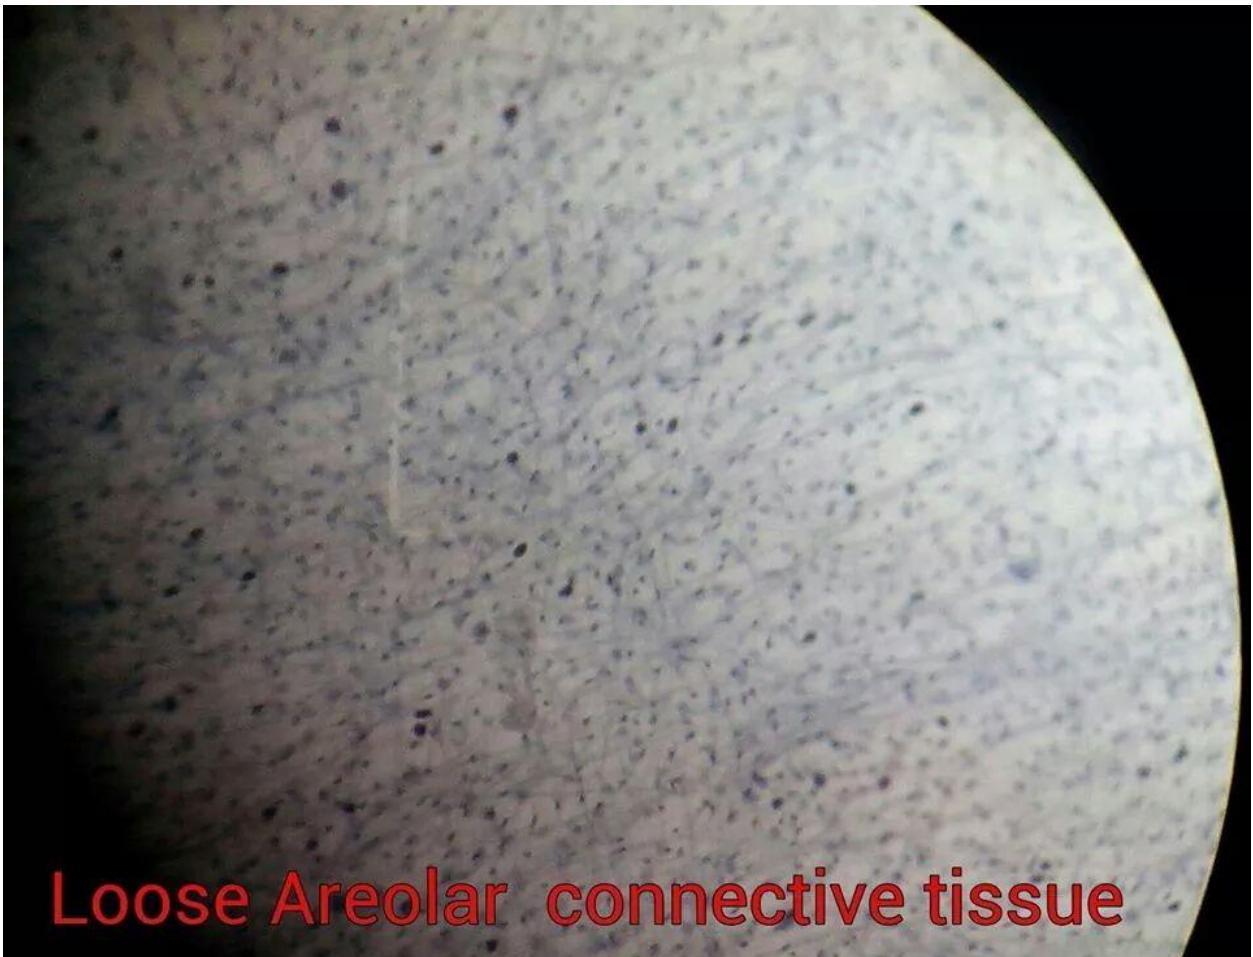

Large Artery

Fibro cartilage

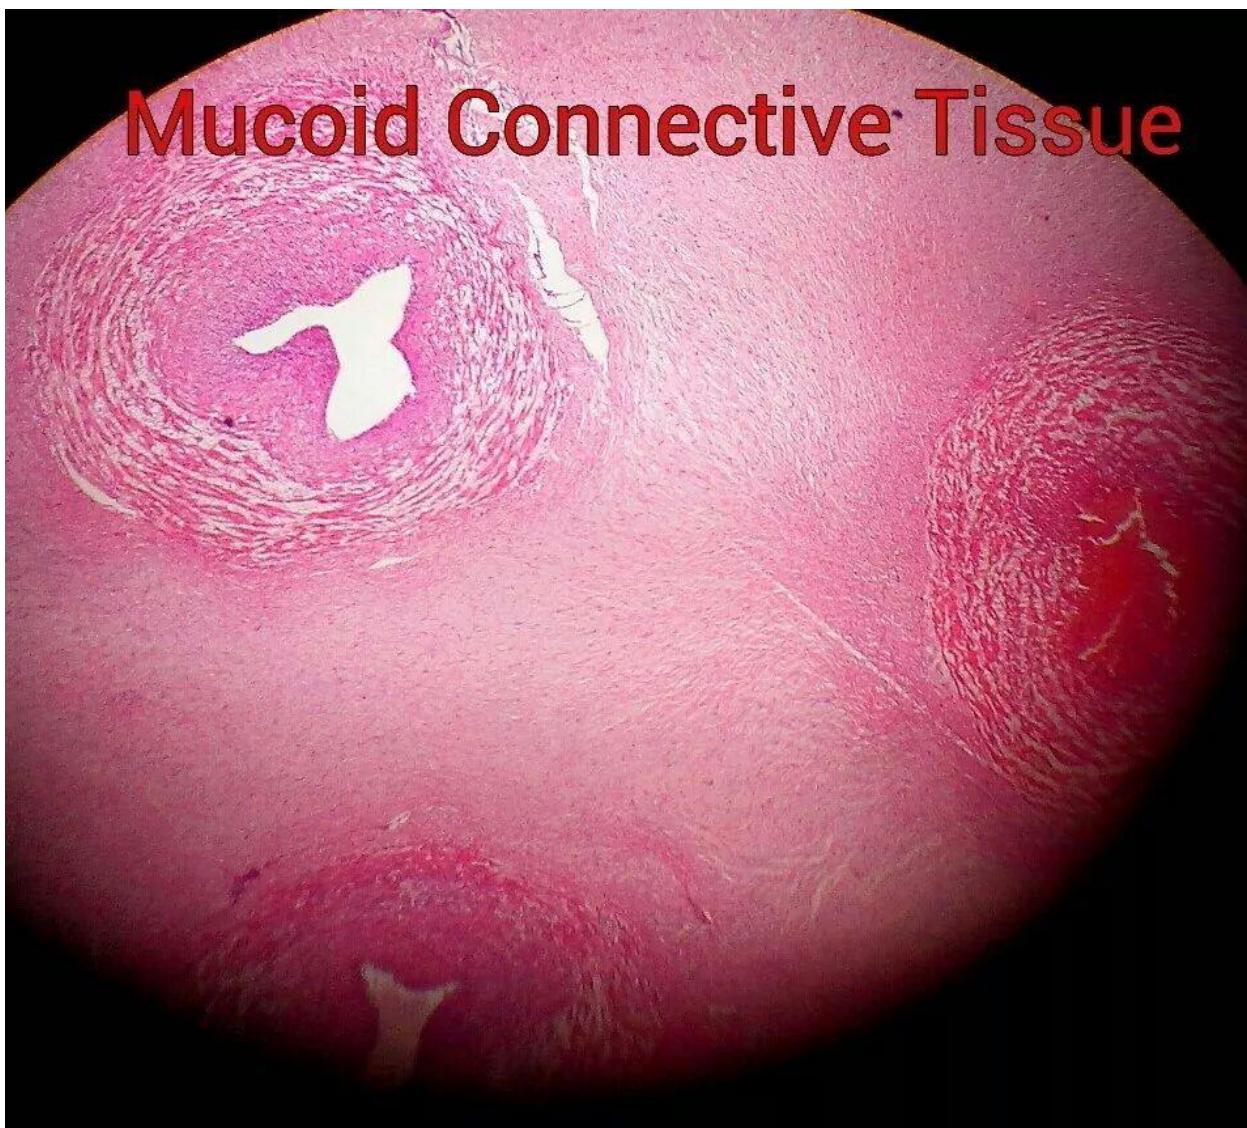

Compact Bone

Loose Areolar connective tissue

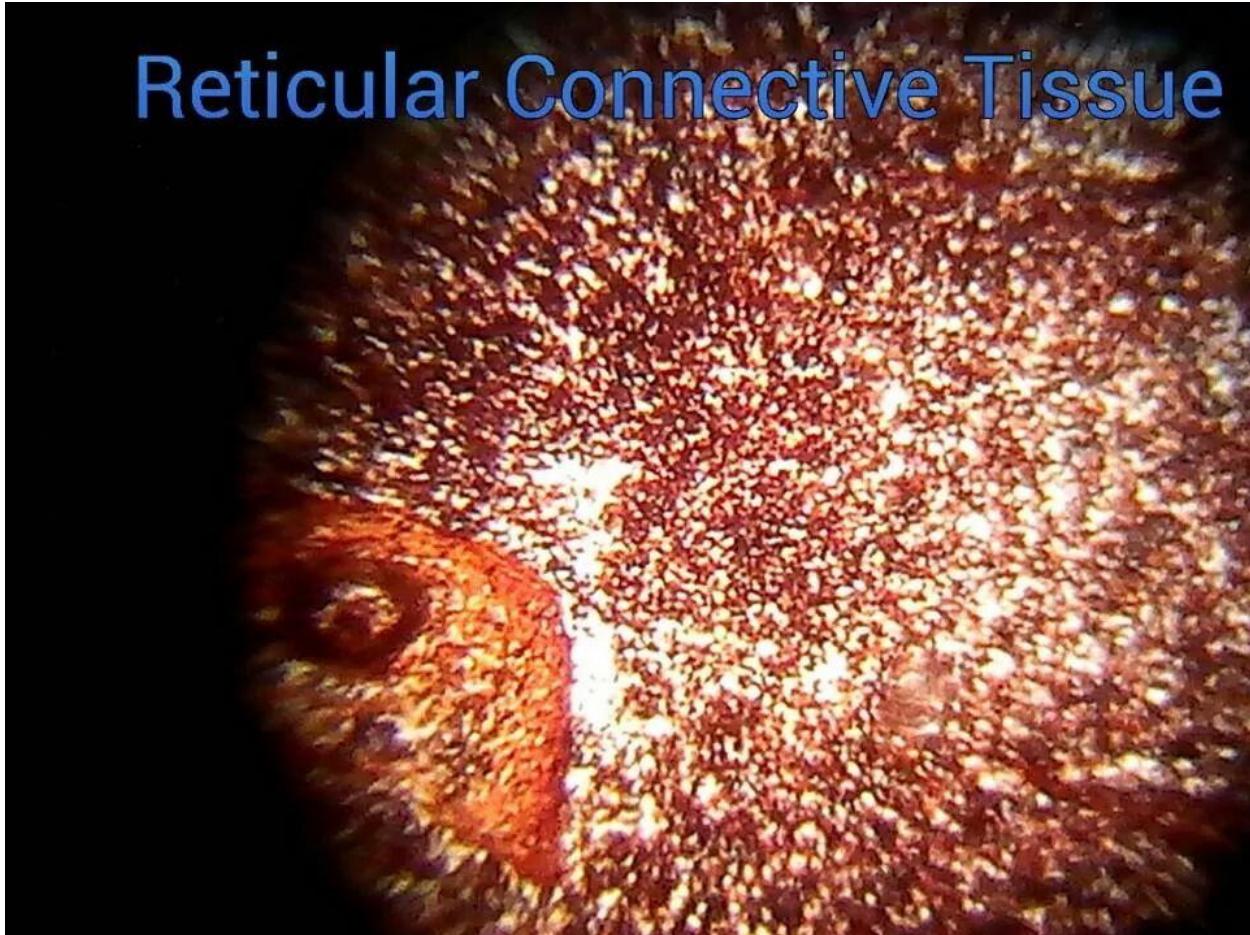

Mucoid Connective Tissue

Spongy Bone

Reticular Connective Tissue

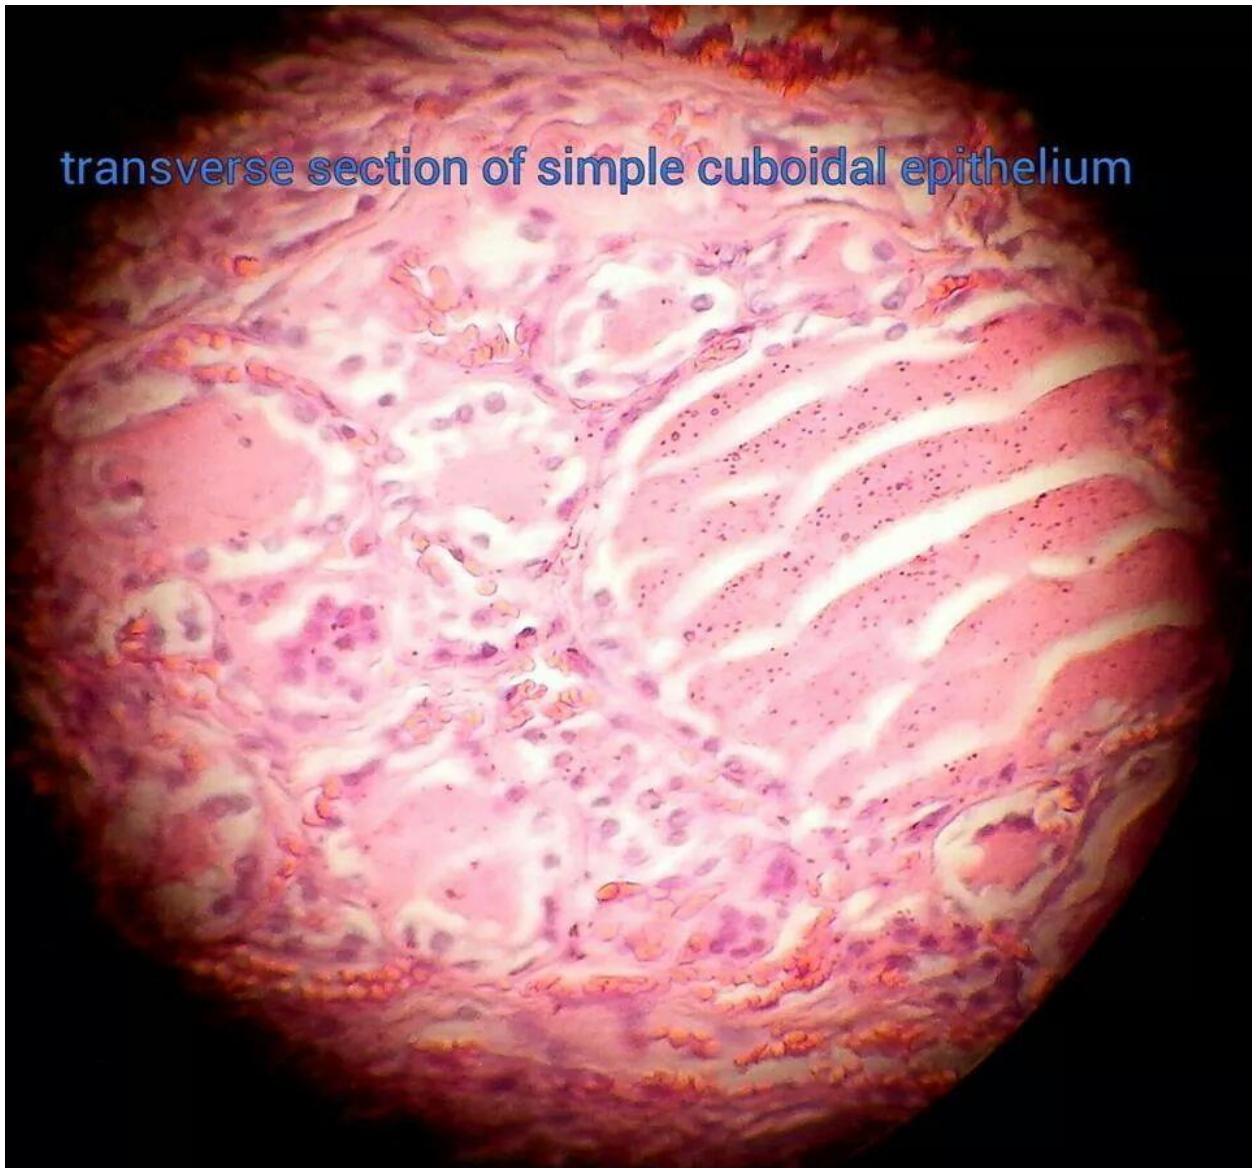

Simple Columnar Epithelium

Keratinized Stratified Squamous Epithelium

transverse section of simple cuboidal epithelium

Non- keratinized stratified squamous epithelium
